Completed in 2024

About Me

I would like to introduce myself as a Full-time Professional Developer. I have 5+ years of experience in Website design and development and I participated in a lot of Website developments like React, Angular, Node, Laravel, etc. I specialize in React based on SPA. Backend Development with PHP, Laravel, Python, and Node and my projects are quite perfect.

Projects

Hotel Management System

- Java and MySQL
- Created a system for working on all hotel management services through the admin computer
